The Honorable Kay Granger
Ranking Member
Committee on Appropriations,
U.S. House of Representatives
Washington, D.C. 20515

Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for Atlantic City Jitney Fleet Electrification from the Local Transportation Priorities Transit Account.

The entity to receive funding for this project is the Office of the Salem County Administrator, located at 110 Fifth Street in Salem City, NJ, 08079.

The requested funds will be used to develop an electric vehicle prototype and build out a solar array charging infrastructure to support an electric jitney fleet. This will set the stage for the construction of a 190-vehicle fleet that will be manufactured and assembled in Glassboro, NJ. The construction of this fleet will expand services across the entire Jersey shore and aligns with the current economic and social direction of green technology. This project also promotes American manufacturing and leadership in green energy and technology production.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink, appearing to read "Jefferson Van Drew".
